Agency: CDPHE

Purpose of Contact: Discuss the mechanism for incorporation of the re-characterization of Building 709 from a Type 2 to a Type 1 facility into the Building 707 Closure Decommissioning Operations Plan (707 DOP).

Discussion:

On March 29, 2001, a Building 709 scoping meeting was held to review the facility reconnaissance level characterization and to discuss the scope of the pre-demolition survey. An outcome of the meeting was CDPHE agreement that Building 709 could be re-characterized from a Type 2 to a Type 1 facility based upon current soil action levels. The mechanism would be a 707 DOP modification. Meeting minutes document this agreement.

On September 20, 2001, a CDPHE/DOE weekly status meeting was held to discuss progress within the 707 and 776/777 Closure Projects. One topic of discussion was amendment of the 707 DOP to reflect the Type 1 re-characterization of Building 709. It was suggested that the 707 DOP modification consist of incorporation of this contact record in the form of an Appendix and reference to the Appendix within the DOP. Edd Kray, CDPHE, agreed that this level of modification would be sufficient.
